

MANY COUNTRIES IN EUROPE AT OUTS

At Least Ten of them May Reach
a Crisis Shortly.

Norway and Sweden Have Settled
Their Differences—Others Are
Embarked.

GERMANY AND FRANCE'S ROW.

London, Sept. 25.—Europe at present appears to be suffering from an attack of war fever, as an epidemic of national quarrels is sweeping over the continent and no less than ten countries are engaged in making war grinnings at one another, and in some of the quarrels is an element of seriousness that might lead to unpleasant results.

Germany and France have not been in accord over the Moroccan question.

Russia and Finland are quarreling over the methods which the bureau has adopted in dealing with the Grand Duchy.

Austria and Hungary have apparently reached a crisis in their dispute over whether the Hungarian language is to be used in giving commands to Hungarian soldiers.

Serbia and Turkey are quarreling over raids by Turkish troops into Serbian territory.

Roumania and Greece are at outs over attacks made by Roumania upon a Greek subject.

Sweden and Norway have just settled the differences which threatened to cause war between them.

Trouble in Caucasus Ends.

Baku, Sept. 25.—A conference of the representatives of the Armenians and Tartars under the presidency of Prince Louis Napoleon, governor general of the Caucasus, has just been concluded, during which the principal condition of an entente was agreed upon. The conference decided to summon a general conference representing the inhabitants of the Caucasus to meet in October for the purpose of considering the causes of enmity existing between the Tartars and Armenians; resolved to urge upon the government the necessity for the adoption of prompt measures to insure the safety of life and property, and arranged that Armenians and Tartars should become mutually responsible for all material damage in event of massacre or pillage by either side until January, 1907. Ten Armenians and ten Muslims, all very wealthy, undertook to guarantee the strict observance of the agreement.

The conference also resolved to form an arbitration court to consist of five Armenians and five Tartars, which will draft details of agreement and remove any difficulties that may arise. The agreement will become effective October 14.

The preliminary peace agreement between Tartars and Armenians was signed today.

The Hungarian Crisis.

Vienna, Sept. 25.—Count Cziraky, who was appointed by the King Emperor Francis Joseph to negotiate with the leaders of the Coalition parties in the Hungarian Diet, with a view to the formation of a Hungarian cabinet, had a conference with these leaders yesterday lasting for an hour and a half.

It is understood that the count received from them a written declaration to the effect that they would be unable to assume the responsibility of government on the conditions imposed by his majesty, as these conditions were directly in opposition to their personal views and also in opposition to the mandate of the people at the last election.

Count Cziraky then left the conference to report to the king emperor, promising to return with his majesty's reply. After an audience of the king emperor Count Cziraky returned to the hotel and found that Count Julius Andressy, Count Zichy, Baron Banffy and Francis Kossuth had departed for Budapest and that Count Albert Apponyi, the other representative of the coalition had gone to join his family at Wiedlingau.

This apparently brings the negotiations to a close.

It is admitted here that the situation is now worse than ever and Count Cziraky's mission is considered hopeless.

Considerable excitement prevails in political circles and the developments of the next few days are anxiously awaited.

ed with complicity in the affair in Libya Park and the disorders which followed. A great number of workmen have also been arrested on the same charge.

The expressions against the government are not so openly made as before, but there can be no doubt that the sentiment is rapidly increasing.

The antagonism to Baron Komura and M. Takahira shows no signs of abatement, and many covert threats have recently been made against both envoys particularly since the discovery of the clause in the treaty forbidding Japan to fortify the Soya Straits and the reported ominous declaration of M. Witte in Paris that the new treaty would result in no modification of Russia's present policy which is open to the interpretation that another war against Japan is contemplated.

Rebels Defeated.

Berlin, Sept. 25.—The government today received information from German East Africa that attacks by rebels on Muhenge has been successfully repulsed, that Morogo rebels lost 350 killed and the Grawerth column had arrived at Kilwa after inflicting severe losses on the rebels in six fights.

Drafting Troops.

Helsingfors, Finland, Sept. 25.—A large force of troops already have been drafted into Finland. Over 1,200 men arrived at Helsingfors today to reinforce the garrison at Sveaborg, adjacent to Helsingfors, and garrisons at other points also have been reinforced by between 700 and 1,000 men.

TO ABHIST MANUFACTURERS.

In New York On Charge of Violating
the Contract Labor Law.

New York, Sept. 25.—After eight months of careful preparation, the United States attorney for this district will today, according to reliable authority cause the arrest of eleven heads of manufacturing and contracting concerns of this city, on warrants charging them with having conspired through the medium of the Employers' Association to violate the contract labor law by the importation of foreign laborers.

The penalty for conviction is a fine of not less than \$1,000 nor more than \$10,000 or imprisonment for not more than two years.

SEMI-ANNUAL INSPECTION.

Of Buildings Being Made By Insurance
Commissioner Rose.

Insurance Commissioner C. C. Rose started out this morning on his fall inspection of buildings.

This will be the first trip Commissioner Rose has made on which he will probably experience so little trouble. Electrical Inspector Glisdorf has about cleaned up most of the bad wiring and this work of inspecting will be easy for Mr. Rose. He will have to look closely to the debris and stuff stored in attics, alleys and back yards. He will finish his inspection by the latter part of October, he thinks.

ATTEND ATHLETIC SPORTS.

Visit of Miss Roosevelt Losing Its
Official Character.

Seoul, Sept. 25.—Miss Alice Roosevelt and party yesterday attended the athletic sports of Japanese educational committee. The entire party is now resting after the strenuous weeks spent in Japan, Manila and China.

The visit is largely losing an official character and the party will spend some time at picnicking and riding in the hills of Seoul and vicinity.

Cyclone in Italy.

Rome, Sept. 25.—Another cyclone yesterday caused enormous damage to Calabria.

Gradual clearance of the buildings ruined by the recent earthquakes shows that the number of persons who perished is greater than given in the first estimates. Large numbers of bodies are being discovered daily.

The work of constructing wooden cabins under government supervision is progressing rapidly. Two thousand already are completed and 4,000 more will be necessary to shelter the homeless people who are sleeping in the railroad depots.

According to statistics 20,000 cats perished during the earthquake.

Pleaded Guilty to Bigamy.

New York, Sept. 25.—Fred E. Carlton, known as "Bluebeard," charged with having wives in numerous cities, pleaded guilty to bigamy in the Brooklyn county court today.

Nothing hurts the feeling of the stuffed martyr worse than letting him alone.

He who is chased by a dog is apt to bark his shins.

THE KENTUCKY IS A BOWER OF BEAUTY

Everything is Ready for the
Opening Tonight.

Patrons Will Find the Theatre a
Most Beautiful Place When
They Assemble Tonight.

MANAGER READY FOR CROWD.

With fragrant flowers, waving palms, and many colored lights, The Kentucky will be thrown open to play-goers tonight at the formal opening of the regular season of 1905-1906. A happy surprise awaits those fortunate enough to secure seats for the inaugural performance. Upon entering the lobby Mr. Roberts' guests will be greeted by banks of palms and potted plants, and a view of the interior will disclose a theatre beautifully and artistically decorated with evergreens, floral pieces, palms and pretty electrical effects.

For more than three days Munnor Roberts and his staff of assistants have labored to give the pretty theatre a gala appearance on its fifth annual opening.

The orchestra, rail, boxes, loggia and proscenium arch are decorated with festoons of evergreen, wreaths and ropes of smilax. The box canopies, arches and the foyer are profuse with chrysanthemums, and waving clusters of Pampas grass. The columns and pillars are draped with trailing sprays of smilax and twigs of pine and cedar.

Logan C. Boulware, window trimmer for Wallerstein's assisted Mr. Roberts in tastefully decorating the theatre, and tonight the house will merit the claim that it is the prettiest playhouse in all Kentucky.

A lively demand is being made for seats for the opening attraction which is "The Rajah of Bhong," a musical nonsense-cally which for the past twelve weeks has found favor with patrons of the LaSalle Theatre in Chicago. It comes to Paducah direct from its run in the Windy City especially for the opening attraction of the season at The Kentucky.

Its catchy songs, tuneful music and pretty girls during the summer set all Chicago talking and doubtless after the shows has gone its music will be whistled and sung and played and its jokes and funny sayings long remembered by those who witness it. The cast is composed of six persons. The costumes, scenic dress, and mechanical and electrical equipment are said to be of surpassing merit and the attraction altogether deserves more than ordinary consideration.

The second attraction to play The Kentucky will be John B. Willis and The Willis Musical Comedy Company in the hilarious comedy creations "Two Old Cronies," "At Atlantic City," and "Happy Mr. Hooligan."

These will be presented Friday and Saturday afternoon and Saturday night.

Mr. Willis is remembered chiefly through these old comedy conceptions in which he starred in conjunction with the famous combination of Willis, Henshaw and Tenbroek.

He is supported by a large acting company of capable comedians, singers, dancers and acting people and the attraction is augmented by a prize beauty chorus of twenty pretty girls whose graceful dancing, sweet singing and stunning costumes are salient features of the attraction.

The scenic, mechanical, electrical and acoustic properties are adequate to high-class productions and the engagement augurs well for local play patrons.

Following the Willis company are many of a high class and Manager Roberts is to be congratulated upon his success in securing better attractions than have ever before been seen in Paducah.

The Kentucky deserves the support of Paducahans. It is an institution for which home folks never need apologize. It has the distinction of being the prettiest, the largest, and the most expensive theatre in the state of Kentucky. It far exceeds any theatre in Louisville and there are few middle class cities in the United States that can boast of a theatre like The Kentucky.

The persons who have ventured thousands of dollars in the enterprise deserve consideration and the support of local playgoers, if for civic pride only. They have given Paducah a pleasure-palace of which they may justly be proud. Kinw and Erlanger the most prominent theatrical concern in the world act as Eastern agents for the Kentucky. It is through their co-operation and the worth of the magnificent theatre that Manager Roberts has had such unprecedented success in securing the very largest of metropolitan shows. Few of the smaller cities

SERIES OF FIRES.

Series of Accidents in St. Louis Results in Numerous Injuries.

St. Louis, Mo., Sept. 25.—A series of accidents yesterday resulted in the death of one person and the injury of 11 others by fire, some of them being probably fatally hurt.

A gasoline cleaning apparatus in the South Side Steam Dyeing works exploded and four persons were hurt, two of whom, Frank Sness, aged 19, and William C. Schottel, Jr., aged 30, will probably die.

Three freight men on the Iron Mountain railroad were brought to the Missouri Pacific hospital here, suffering from burns, received at Arcadia by an explosion of gasoline early today. They had opened a box car containing gasoline. Gas from a leaky barrel ignited from a lighted lantern and an explosion followed, burning all three.

A nine-year-old girl named Becky Mindel, was watching a bonfire in the yard of her home when her clothing became ignited. Max Rosenblatt, aged 32, ran to her and was badly burned in extinguishing the flames. He was taken to the city hospital and it is said his hands may have to be amputated. The little girl was not badly burned.

\$1,000,000 BLAZE

BUSINESS PORTION OF BUTTE,
MONT., WIPED OUT.

Big Blaze Burns Livery Stable at
Wilmington, Delaware—\$80,-
000 Livery Stable Fire.

Butte, Mont., Sept. 25.—Fire causing a loss estimated at about a million dollars yesterday, consumed the entire business portion of Butte, lying between the Shear block and Renshaw alley, on the south side of West Park street and half destroyed the public library. The fire call was turned in at 8:40 p. m. At 1 o'clock Mayor MacGinniss announced the fire under control.

Wilmington, Del., Sept. 25.—McDaniel's livery stable, with sixty-five horses and a hundred carriages and wagons, was destroyed by fire this morning entailing a loss of \$80,000. Occupants of the buildings in the neighborhood were compelled to leave their homes hurriedly.

Much Cotton Destroyed.

Liverpool, Sept. 25.—Fire today destroyed the Millwood's cotton house with twenty-eight hundred bales of cotton. The damage is estimated at \$7,500. Spontaneous combustion was the cause.

NAT GOODWIN

Creates a Scene in New York Theatre
Over an Actress.

New York, Sept. 25.—It is reported that Nat Goodwin and his wife, Maxine Elliott, have been separated for some time, and some of Goodwin's friends affirm and some deny the report. The latest rumors started from a sensational scene in a New York theatre Saturday, when Goodwin went in and took Flora Parker, a member of his company, from Carter De Haven, an actor in another company, and threatened to punch his head.

It seems that De Haven has been trying to get the young woman to sign with his company and Goodwin wants to retain her in his own company, and this caused the trouble. Friends of Maxine Elliott declare she attaches no significance to the incident, which resulted purely from business differences, but has caused more talk in theatrical circles than anything that has happened in some time.

HALL CAINE ARRIVES.

Will Pay Visit to President Roosevelt
Today or Tomorrow.

New York, Sept. 25.—Hall Caine arrived last night on the steamer Imbria from Liverpool. He was accompanied by his two sons. He was met at the pier by a messenger from President Roosevelt, who bore a personal message from the president, inviting Mr. Caine to spend a day or two at Sagamore Hill.

After Gang of Moonshiners.
Huntington, W. Va., Sept. 25.—A posse of United States officials armed Winchester left this morning for the mountains near Logan to raid a gang of moonshiners and a lively time is anticipated before a capture is effected.

ANOTHER WEEK OF FUN BEGINS TODAY

Carnival Grounds at 12th and
Trimble are Lively.

The Parade Will Take Place at 7
O'clock This Evening—Carnival
Opens Immediately.

MANY VERY FINE ATTRACTIONS.

The carnival company is here, and everything is in readiness at 12th and Trimble streets for the opening tonight at 7 o'clock.

The parade will start at Second and Jefferson, and will include the following, in order:

Automobile club; Police; Mayor Yelzer and the city officials; Paducah Traveling Men's club; Sons of traveling men.

The American Inn is now open to the public. The office of the P. T. M. C. is located inside the grounds near the main entrance. Telephones have been placed there and at the Inn, the numbers being 1955 and 1954 respectively.

The following is a list of the contestants for the gold watch who have received over 100 votes:

Pearl Griffith, 1,275; Mae V. Patterson, 1,181; Tina Browne, 812; Lilly Mae Winstead, 792; Frances T. Herndon, 741; Louise Campbell, 738; Monima Hopkins, 736; Linette Beadles, 735; Hattie Terrell, 735; Irene Benner, 734; Elizabeth Sinnott, 729; Carrye Blythe, 729.

The watch contest will close Wednesday night at 10 o'clock. On that night the vote will be announced every fifteen minutes between the hours of 7 and 8. From 9 until 10 o'clock the count will be silent, and at 10 o'clock the winner will be announced. The country store will be one of the most popular places on the grounds.

Any one wishing to make an entry in the baby contest should send their names to H. C. Hoover at the carnival office, phone 1955.

The Great Parker Amusement Co. experienced many difficulties in arriving in Paducah but got here intact about 10 o'clock last night, and the work of setting up the attractions was rushed through during the night and day that no hitch will be experienced in opening.

The train composed of 32 60-foot cars, arrived over the Cairo extension of the I. C. from Belleville, Ill., where it closed a successful week, and railroad men and others who saw the shows unloaded say that a larger aggregation has never been seen in Paducah. The carnival people were unable to secure wagons in Belleville Saturday night to haul the stuff to the train and had to wait until Sunday morning this causing a big delay. To make matters worse, the train because of the heavy tonnage, was stalled between Paducah and Cairo and an extra engine had to be sent out to bring it in.

The cars were side-tracked on both sides of the main line between Jefferson and Trimble street and the work of unloading began immediately on arrival. By midnight most of the stuff had been unloaded and this morning the work was continued with renewed vigor. The traveling men are conspicuous with their energetic work in aiding the Parker Co. in getting matters in shape and assure the public that no hitch will occur and the program for the opening will be carried out to the letter.

This morning a call was issued from the city hall to all councilmen, aldermen and street officials, including the policemen, as many as can get off, to participate in the street parade tonight when the carnival opens.

The city officials are always glad to participate and aid all they can in making carnivals a success and the invitation for the two boards, police and other officials to appear in the parade was accepted with the unanimous thanks of the boards at a recent meeting.

The carnival promoters are working hard today and will make the parade tonight one of the most gorgeous ever seen in Paducah.

HIS MESSAGE.

Is Claiming Much of the President's
Time Now.

Oyster Bay, N. Y., Sept. 25.—President Roosevelt will complete his summer sojourn at Sagamore Hill and return to Washington next Saturday. The president is devoting considerable time each day now to work on his annual message to congress.

Cholera Spreading.

St. Petersburg, Sept. 25.—Two additional cases of cholera have been officially reported in the government of Lomza Russian Poland. New cases in Wlocevek.

EVANGELICAL SYNOD

Of North America in Its Quadrennial Session.

Rochester, N. Y., Sept. 25.—The quadrennial session of the German Evangelical Synod of North America, which began here last week, will continue throughout Thursday. It is constituted of the clerical and lay delegates of the eighteen districts comprising the national body, numbering 200. Rev. J. Pister, of Cincinnati, is president.

The general president's report showed 902 pastors, 1,202 congregations, 212,379 communicants. The general synod controls a theological seminary at St. Louis and a college at Elmhurst, Ill. The reports of the general officers and committees show a steady increase.

TWO DROWNED.

Couple Were Out in White River in
a Canoe.

Indianapolis, Ind., Sept. 25.—Willis Bonham, a stenographer employed at the headquarters of the International Typographical union, and his sweetheart, Lucy Miles, were drowned in the White river while canoeing last night.

ALLIED TRADES.

May Cause a Strike in Cincinnati
Job Offices.

Cincinnati, Sept. 25.—Every necessary preparation for a general strike of the allied trades with job printing has been made, and at a word a sympathetic "walkout" may result. More than a thousand men are ready to quit work, and thirty job printing concerns would, in such an event, be tied up completely; it is claimed.

WENT TO JAIL.

Instead of To the Altar, Did This
Hoosier.

Anderson, Ind., Sept. 25.—Instead of the happy bridegroom that he expected to be last night, David Phillips, aged 52, a wealthy widower of St. Joseph, Mich., was in the county jail because of two affidavits placed against him by Mrs. Julia Kehoe, a comely widow of that city, who Phillips thought would be his bride.

A BOMB EXPLODED IN CHINESE TRAIN

Killed Missionary and Wounded
Several Others.

The Explosive Was Thrown By An
Anarchist and Caused Terror
and Alarm.

BOMB IN A PRIVATE CAR

Pekin, Sept. 25.—At the Peking railway station yesterday, as a train carrying one of the four missions ordered abroad to study foreign political methods, was leaving, a bomb exploded inside a private car, killing four minor officials and wounding over twenty other persons.

The wounded included Prince Tsai Teh, who heads the most important mission, and Wu Ting Fang, former minister to the United States, both of whom received light injuries.

The perpetrator of the outrage, who was in the car was blown to pieces. The affair created a profound sensation and causes apprehension regarding the safety of the members of the court and leading officials of the government.

The edict appointing the missions mentioned in the foregoing dispatch was issued July 16. A dispatch from Peking August 29, said the missions were appointed to study foreign systems of government because the dowager empress intended to issue a decree at the new year for the establishment of a parliament, twelve years hence.

The News at Washington.

Washington, Sept. 25.—When the dispatch containing the account of the explosion of the bomb in the private car was shown Sir Chenung Liang Cheng, Chinese minister here last night, he expressed horror over the occurrence and said it was doubly unfortunate that it should occur just at this time, when all things seem so auspicious for China and her government.

There is no doubt about the perpetrators, or rather, as to the party responsible for the deed. The minister added:

"There are two parties in China, the new Reform party, which is desirous of having the people and government profit by the adoption of whatever is found good in occidental civilization and methods, and a party who you would call anarchists in this country."

"The leaders of the latter are really devoid of any principles, whether of government or anything else; envy and jealousy are the main springs that actuate their every move. Like your president-killing anarchists, they merely seek to destroy. The late action with regard to sending abroad the missions has especially angered them."

CONCLUSION OF SESSIONS.

Action on Several Important Mat-
ters Is Deferred.

Philadelphia, Sept. 25.—The concluding session of the 81st annual communication of the sovereign grand lodge of the Independent Order of Odd Fellows has been held. Two important questions were discussed. One was that dealing with the proposed affiliation with the Manchester Unity in England.

The other was the proposed co-operation with the corporation controls eleven thousand acres of land in Las Vegas, N. M., looking to the enlargement of the sanitarium for consumptives maintained by the order. The proposition involves the appropriation of \$1,000,000.

Action on the Independence of the Patriarchs Militant and on the proposition to increase the membership of that branch by recruits from the scarlet degree were deferred until the next convention at Toronto. All of the questions relative to the Patriarchs were placed in the hands of a committee of seven, to learn the sentiments of the cantons all over the United States and report at the next annual session.

The transfer of the membership question was left over until next year to give the special committee an opportunity to draft a suitable law equitable to subordinate lodges, Encampments, Rebekah lodges and Patriarchs Militant.

The Paducah Water Company Will Soon Have a Graduated Schedule of Rates

The Paducah Water company announces that it will make a new schedule, which it hopes to put in effect by January 1, and has asked the co-operation of the local legislative boards arranging it. It is estimated that the schedule will make a reduction in the water rentals of a large per cent of the patrons of the company, probably three-fourths. Those who get the most benefit will likely be the people in the residential class. The schedule will be complicated, and will require sometime to complete, being based on the average of the rates in Cincinnati, Louisville, Nashville, Kansas City and St. Louis, none of which cities

furnishes filtered water, which the Paducah Water company has been furnishing for sometime.

The Paducah Water company has given the public one of the most complete plants in the country, and its service is second to none in the country.

It is likely the legislative boards will accept the offer to co-operate in arranging a schedule of rates when it is formally put before them next week.

In order to arrange the rate here it will also first be necessary to visit and inspect every house in the city of Paducah that has water connections, which will necessarily require considerable time.

THE RAJAH HAS COME

HIS TROUPE ARRIVED THIS MORNING FROM ST. LOUIS.

Formal Opening of The Kentucky Theater This Evening—Advance Sale.

The musical comedy success, "The Rajah of Bhong" arrived this morning from St. Louis and will formally open the Kentucky theater tonight. The advance sale is good and the prospects are for a large audience.

It will be Paducah's first glimpse of "The Rajah" and it is very probable they will be delighted with him.

The bright particular comedy star of the organization is Mr. James J. Murray, and he may be said to have fairly won the success that is now pouring in on him. Step by step he has labored long and hard to climb that visionary ladder sometimes called fame, and he has so far succeeded in his endeavors that he is now within peeping distance of a glorious future. Mr. Murray is an ordinary comedian. There is a personality and an atmosphere about his work that is all his own. For a number of years he has been one of the leading lights and headliners in the highest class vaudeville theaters throughout the country and it was while in this line of work that Mr. Eugene Spofford, always on the lookout for talent, conceived the idea that, fitted with the proper vehicle, Mr. Murray would

VINCENNES GETS THE 1905 PENNANT

Last Meeting of the Year Held at Vincennes Yesterday.

An Eight Club League Is Intended for Next Season—Meeting Short.

OTHER LATE BASEBALL NEWS

Vincennes, Ind., Sept. 25.—The final meeting of the K. I. T. league was held here yesterday and was short.

The pennant was awarded to Vincennes and it was decided to attempt an eight club league next season, and it is believed it can be made a go.

A committee was appointed to audit the books of the secretary and treasurer, and all financial matters were settled satisfactorily.

THE L. A. L. DEFEATED.

The L. A. L. team met defeat at the hands of the Metropolis Blues at Wallace park yesterday afternoon in the presence of a fair-sized crowd of fans.

The locals were defeated by a score of 10 to 8 and suffered the ill luck of having a pitcher injured. Dike started out in the box for the locals but was struck by a ball and disabled. Block went in and finished out the game. Eddie Brahe caught for the L. A. L. team.

The battery for the Metropolis team was Dye and Doyle. The Metropolis team has lost about 4 out of 28 or 29 games, and has gone against the strongest independent teams in Southern Illinois.

Mounds City Defeats Paducah.

In an interesting game of baseball at Mound City yesterday afternoon, the Mound City Regulars won from the Illinois Centrals of Paducah by a score of 4 to 3.

The game was witnessed by a large crowd and enthusiasm was high.

LAST WEEK OF HIS WORK HERE

PAYNE IS PLEASED BY PRAISE OF FRIENDS HE HAS MADE.

MADE TWO WOMEN THANKFUL.

They Tell Stories of Relief From Rheumatism and Catarrh.

With an unusual record behind him, Payne has started on his second and closing week. The predictions made by him when he first came to Paducah that before his visit ended many people would speak in praise of his remedies apparently are being fulfilled.

In the short time that he has been in Paducah, large numbers of people have called to see him and many interesting stories have come to light daily. Cases of rheumatism, catarrh and stomach trouble where the victims assert they have been relieved present some remarkable conditions according to the statements of the people.

Among those who called yesterday to tell about their experience were Mrs. Hall and Mrs. Mueller.

Mrs. Hall lives on Jackson street. She said: "My husband has been troubled with rheumatism for more than six months. He tried almost every medicine advertised, but all failed to relieve the pain and swelling."

"I was told of the wonderful effects of the Payne Remedies and bought several bottles. The effect of the preparations was almost instantaneous. My husband now sleeps and rests well and we cannot speak too highly of the Payne Remedies."

Mrs. Mueller, who lives on rural route No. 3, station D, said: "I have had catarrh of the throat and stomach for the last three years. In the morning I would feel faint and dizzy as if I would vomit. My stomach apparently was full of slime. After taking one bottle of Payne's New Discovery these conditions have been removed. My stomach apparently is in its normal condition and I feel strong again."

Payne, when he was seen last night said he was greatly pleased with the praise he has received and he says he expects to make his last week in Paducah the banner week of his visit.

He wishes most particularly to impress upon the minds of everyone that his remedies are positively offered to the public on trial.

All should convince themselves of the wonderful and marvelous powers of this medicine by taking advantage of Payne's most liberal offer. You are invited to call and meet him at Smith & Nagel's Drug Store, corner Fourth and Broadway.

TO EDDYVILLE.

Prisoners Recently Convicted Were Taken Today.

Sheriff Lee D. Potter this morning at 11:20 o'clock took away prisoners sentenced to the penitentiary during the September term of circuit court. Luntz and Ernest Hill, Mrs. Mary Brockwell and Leander Donnell, the latter two females, James Henry Duffy and Jesse Stringer, boys, who will go to the reform school, were all left in jail. The former two got appeals and the latter two will have to go to the reform school. The women will be taken to Frankfort. Excepting the above mentioned six, the following were taken to Eddyville this morning:

Porter Hart, murder, 21 years; Ed. Marable, murder, 21 years; Ed. Settle, incest, 8 years; Rufe Minor, malicious assault, 5 years; Alex. Fitzpatrick, grand larceny, 2 years; Rufe Neece, murder, 3 years; Charles Johnson, malicious cutting, 1 year; Will Matthews, converting property to his own use, 1 year; Shelly Hughes, obtaining money by false pretenses, 1 year; John Jenkins, obtaining money by false pretenses, 1 year; John Jenkins, malicious striking, 1 year; Delle Marthel, female, forgery, 2 years; James Honds, obtaining money by false pretenses, 1 year; Joe Lewis, obtaining money by false pretenses, 1 year; J. E. Mack, malicious assault, 2 years; Wm. Arnold, house-breaking, 1 year; Ed Hampton, grand larceny, 2 years; Albert Wallace, malicious striking, 1 year; Will Fox, malicious shooting, 18 months; Augustus Green, grand larceny, 1 year; Riley Crowley, false swearing, 1 year.

Sheriff Lee Potter was accompanied by the following deputies, J. W. Clarke, G. W. Harris, J. E. Jones, L. B. Holt, Dallon Ray, J. T. Potter, Jas. Allen and J. E. Potter.

A large crowd of colored friends of the prisoners were out at the depot to bid the prisoners farewell. Out of the crowd of 150, a good amount of money was raised and given the prisoners by friends. Several rabbits' feet and other talismans were handed from the crowd to a number of the convicts, who all seemed to take their leaving lightly. Rufe Neece was handed nearly ten dollars in small change, besides three rabbits' feet and several cigars. The deputies had to scatter the crowd a number of times, as it frequently blockaded the way at the depot.

ONLY ONE TEACHER IS NOW OFF DUTY

Miss Morgan Today Took Charge of Her Class.

Prof. A. M. Rouse Resigned As Principal of the McKinley School in Mechanicsburg.

THE ATTENDANCE INCREASES

The public schools started out much better this week than during the past two weeks, and there is now only one teacher out on account of illness, Prof. W. H. Suggs, who went home to Madisonville to rest up after an attack of typhoid fever, and who had a relapse.

Miss Emma Morgan returned Saturday from Cerulean Springs where she had gone to rest, and started in this morning to take up her work in the high school. Miss Morgan is teacher of English and during the first week of school acted as principal of the Franklin building in the place of Prof. D. Suggs. Miss Morgan became ill and Prof. A. M. Ragsdale is teaching at that school. Miss Morgan's class in English had had no teacher until she returned.

The pupils in the high school are taking a great deal of interest in the clubs to be formed this week, and the following weeks just as soon as the pupils get well into the work.

There will be a debating club, a dramatic club, choral club and musical club. Theatricals will be given periodically and debates will be features of each week. The musical club will consist of all members of classes who play any instrument. There are many talented pupils in this department and it is thought the musical club this year will be the best in the school's history.

There will also be a literary club organized in conjunction with the debating club. The pupils seem to take a great delight in this form of work, and also in the literary work. Literature has taken a prominent stand in the schools and is gradually developing some very good writers and students of the best literature in the English language.

Prof. A. M. Rouse, principal of the Mechanicsburg school, has died with the secretary of the board of education his resignation, effective October 6. His successor will be elected at the next meeting of the board. Prof. Rouse has several offers of positions, but has not decided which he will accept.

The enrollment up to now in the public schools shows an increase in white pupils, but a decrease in the colored. There are 2257 white pupils now enrolled in the schools, and 723 colored. At the end of the fourth

CARNIVAL COMMITTEE

MET AT LABOR HALL AND ELECTED OFFICERS YESTERDAY.

Paducah May Have Two Carnivals Next Spring, Instead of One, as Heretofore.

A meeting of the committee appointed Thursday night by Central Labor Union to investigate the advisability of holding a carnival in Paducah next spring, was held at Central Labor Union hall yesterday morning, and officers were chosen.

The members of the committee were: Messrs. R. M. Miles, George Hannon, G. W. Walters, W. W. Wilson and Lon Crandall.

Mr. Miles was elected chairman and Mr. Hannon secretary, and no other business was transacted.

If the labor unions decide to give a carnival next spring, there will be two in Paducah, as the Paducah Carnival Association met Saturday night and announced today that it would give its usual spring carnival next year if half a dozen others are given. A member of the association said that they were already negotiating for attractions, and intended next spring to get the largest carnival company on the road.

The members of Central Labor Union will not decide whether or not they will give a carnival until they have fully investigated the subject.

CRAZY MAN LOOSE

HE HAS KILLED TWO NEGRO WOMEN AND WANTS MORE.

Lives at Pembroke and Escaped From the Hopkinsville Insane Asylum.

News likely to alarm the colored population of Paducah as well as other cities, was received at police headquarters this morning.

A telephone message from the asylum authorities at Hopkinsville was received instructing to arrest, if possible, a lunatic named Nelson, of Pembroke, Ky., who has a mania for killing colored women.

The lunatic was sent up some time ago from his home for killing a negro woman. He escaped from the asylum and before the authorities could lay hands on him, had slipped up behind a negro woman, struck her in the head with a axe and killed her instantly.

He has now got away again, and every effort is being put forth to effect his capture. The police have a good description of him and are keeping their eyes peeled for him. He is sane except when he sees a colored woman, and then seems to have an uncontrollable desire to kill. He was never known to have any desire to kill a white woman or man, or a colored man.

50 NEW MEMBERS.

Secured by the "Flying Squadron"—The Banquet.

The visit of the "Flying Squadron" of the National T. P. A. to Paducah was very pleasant, and about fifty new members were added to the local post. Those of the National organization who were here were Messrs. J. M. Porter, Clinton, Ky., and Fred Scharlock and J. D. McCormick, of St. Louis. About 100 persons attended the banquet Saturday night at the Palmer House, and Dr. J. R. Coleman acted as toastmaster.

Jerry Porter was the first to respond to the toast, his subject being the "Traveler's Protective Association."

J. C. Flournoy responded to the toast, "The Drummer Leaving Home."

Hal S. Corbett made response to the toast, "The Drummer on the Road."

Charles C. Grassham responded to the toast, "The Drummer's Return Home."

Messrs. Scharlock and McCormick spoke of the T. P. A. and its many advantages.

Mr. Carl Fink, state chairman of the board, of Louisville, made a brief speech.

The members of the "Flying Squadron" departed for home yesterday.

I. C. PREPARING TO ENTER BIRMINGHAM

Will Open up Much Territory for the Road.

Annual Report of the Y. and M. V. Out—I. C. Attracts Much Attention in London.

HOPKINSVILLE DIVISION WORK

Birmingham, Ala., Sept. 25.—It is now certain that before very long the Illinois Central railroad will be running trains into Birmingham.

Asked if he knew anything on the subject General Agent A. D. Lightner, executive representative here of the Frisco system, confirmed the report that the Illinois Central has arranged to use the Frisco tracks from Jasper to Birmingham, a distance of forty miles. It is also a matter of public knowledge that the Illinois Central has secured a charter in Mississippi to build a line from Corinth, in that state, to Jasper, Ala. This was done last week, and the surveys are practically completed.

It is said that the Illinois Central will use the Mobile and Ohio tracks from Jackson, Tenn., to Corinth, Miss., in return for which the Mobile and Ohio will use the Illinois Central's new road from Corinth to Jasper. Then the Illinois Central will come to Birmingham over the Frisco road and the Mobile and Ohio will reach here over the new Ensley Southern road which is controlled by the Southern Railway, which in turn controls the Mobile and Ohio.

I. C. Gets a Good Man. Memphis, Tenn., Sept. 25.—The Illinois Central has effected another capture. Hon. Albert S. Biggs, formerly of the Memphis firm of Carroll, McKellar, Bullington and Biggs, has severed his connection with that firm to become assistant to Charles N. Birch, general counsel of the Yazoo and Mississippi Valley.

The Big Four Extension. The following dispatch indicates that the Big Four is still extending its lines over in Illinois, and it has arranged to build another branch to Marion, Ill. It is reported it has never abandoned its plan of building south to the Ohio river. The dispatch says:

Harrisburg, Ill., Sept. 25.—With the exception of a few tracts of land, the right of way has been bought by the New York Central railroad interests between this city and Marion, Ill., for the extension of the Cairo division of the Big Four railroad from this city to that place. The price paid to landholders averages \$500 per mile and has been paid in cash in each instance, together with an agreement signed by the purchasers to build a steam railroad, or else the deeds will become null and void. The proposed extension traverses one of the richest and most extensive coal fields in the state of Illinois, most of which is controlled by the New York Central people.

I. C. Working Many Laborers. Hopkinsville, Ky., Sept. 25.—It has been announced that the Illinois Central intends to make a big improvement in the road bed between Hopkinsville and Henderson. The tracks will be raised and new ballasts placed on the beds the entire distance between the two towns.

A force of 100 laborers have been employed in Henderson to begin operations on the task and a work train will be assigned to that division. Three hundred men will be eventually employed in the work. The old bed has been in service since the road was first completed, and the improvement will mean a much faster and more comfortable service over the route.

I. C. Americanizes London. J. T. Harahan, second vice president of the Illinois Central system, declares his company is the first to attempt a railroad Americanization of London. Shortly after establishing a European agency in the English metropolis, Mr. Harahan suggested that an immense map of the Illinois Central road be painted in colors on the plate-glass front of the office, 153 Leadenhall street. Before the map of the brush and pallet had reached Cairo, Ill., (on the window) a crowd of 200 or 300 gaping cockneys were watching the work with astonishment. The bobbies objected and the insurance companies protested, but the big illuminated map of the system, minus an insurance policy, now decorates the window.

Y. and M. V. Annual Report. The annual report of the Yazoo and Mississippi Valley railroad of the Illinois Central for the fiscal year ended June 30, is out. The average number of miles of railroad operated for the year has been 1201, against an average of 1173.11 operated during the previous year. As compared with the preceding year the average number of miles of railroad operated increased 30.85, or 2.63 per cent; gross receipts from

traffic increased \$501,910.56, or 10.19 per cent; expenses of operation increased \$631,287.88, or 11.02 per cent; taxes increased \$22,257.38, or 6.86 per cent; excess of gross receipts from traffic over operation and taxes increased \$145,265.30, or 8.19 per cent; excess of income over expenses of operation and taxes increased \$144,553.86, or 8.14 per cent; total of absolutely fixed charges increased \$67,526.58, or 5.64 per cent; the surplus from the year's earnings increased \$77,027.28, or 7.31 per cent.

Good City Tax Collections. City Treasurer John J. Dorlin last week sent out many tax notices for delinquent taxes and the costs of the notices to the city amounted to but \$3.14 yet during the week a total of \$2,100 was collected. Treasurer Dorlin thinks this is a very good income from such a small investment and judging from the way this week started out, there will be many dollars in delinquent taxes collected before Saturday. The taxes are from June and the penalty is attached.

Notice. The board of managers of the Home of the Friendless will meet Tuesday afternoon at 3 o'clock instead of at 4.

COLE'S HOT BLAST

Wonderful Heater and Fuel Saver

For Soft Coal, Lignite or Hard Coal

Cost of Stove Saved in Fuel

As you know one-half of soft coal is gas—the entire gas supply for many cities and towns being made from the same kind of soft coal you are using. The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas. Other stoves allow this gas, which is the best part of the coal, also a large part of the heat, to pass up the chimney. This waste will average from \$10.00 to \$50.00 a year for every family and millions of dollars in fuel are thus wasted annually.

The Original Cole's Hot Blast Stove Saves All Wasted with Other Stoves

Cole's Original Hot Blast, by means of the Patented Hot Blast draft used in connection with other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal.

On account of the patented air-tight and gas-tight construction giving perfect control over the drafts, it also saves the heat usually wasted up the chimney \$5.00 worth of hard coal, soft coal or lignite, or a \$1.50 ton of slack or coal siftings is thus made to do the work of twice the amount of fuel in other stoves and the cost of the stove is more than saved in fuel each winter. \$7.50 worth of slack will heat your house all winter, five tons at \$1.50 a ton does the work.

Build only One Fire a Winter

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the hard coal or soft coal put in the night before. No other stove does this. Fire, therefore, never goes out, kindling fires is dispensed with, and the rooms are kept at an even temperature all the time.

Read the Guarantee. We are the exclusive agents for Cole's Original Hot Blast and sell it on the accompanying guarantee which cannot be made on any other heating stove in the world. If you want to save half your fuel bill and would enjoy the luxury of getting up in a warm house on cold winter mornings without kindling fires, buy Cole's Original Hot Blast now.

Avoid Imitations

Imitations of this Original Hot Blast are many. None of them has the absolutely air-tight and gas-tight construction throughout which Cole's Hot Blast has by reason of its numerous patents. A Patented Steel Collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The Patented Compound Hinge on the lower draft cannot warp, and the draft door closes air-tight by its own weight. The guaranteed Smoke-proof Feed Door prevents smoke, dust or gas escaping when fuel is put in the stove.

Imitations soon open seams and cracks which spoil them for keeping fire and cause the gas half of the coal and much of the heat to escape up the chimney.

See the name "Cole's Hot Blast from Chicago" on the feed door of our stove. None genuine without it. Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.

This Stove Sold Only by F. N. Gardner & Co.

STREET WORK

PLANS UNDER WAY FOR SEVERAL NEW STREETS.

Hand Street Sweeper and New Street Cart are Expected on Trial.

Plans for the improvement of Woodward street, Yelder avenue and other small streets in the outskirts of the city, including the improvement of the street leading to the McKinley school in Mechanicsburg, are being rapidly completed in order to be ready for the board of public works at the meeting Wednesday afternoon.

These improvements were ordered by the council and just as soon as the ordinances had been passed by both boards, the plans were begun. The plans for the concrete culvert on Caldwell street were dropped in order to rush the other improvements as much as possible.

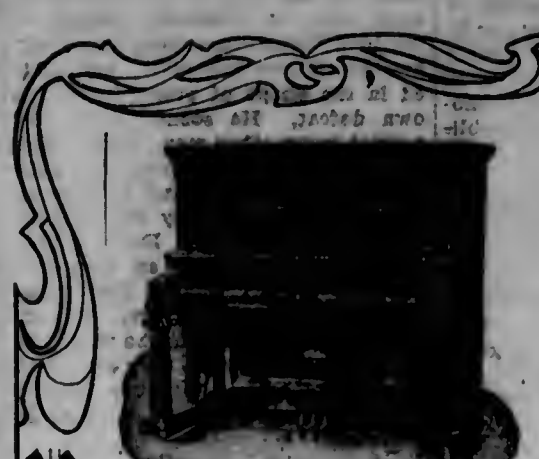

The board, if the plans are finished by Wednesday, will order the contracts advertised. They will amount to a great deal, taking all the small streets as a whole. The improvements, however, will have to be let separately.

The hand sweeper, propelled by laborers, is expected in a day or two, the bill or lading having arrived this morning. This is the sweeper sent here from Washington on trial and will be placed on Broadway probably near Fifth, to test. It is claimed that one or two of these sweepers can do the work of the big horse sweeper quicker and without raising so much dust. In fact the streets can be constantly kept of the accumulation of filth.

The new horse cart for street purposes is also expected from Tiffin, O. This comes for test purposes, and if the tests of the street sweeper and dump cart prove successful, the board will recommend the purchase of several for street work.

Boiler-maker Has Foot Mashed. Mr. Matt Feast, a local I. C. boiler-maker, met with a painful accident Saturday afternoon. He was handling a large piece of iron and accidentally let it fall. It struck his right foot and mashed the member painfully but not seriously. The injury will disable him for several days.

Daily Thought.
Everywhere in life the true ques-
tion is, not what we gain, but what
we do.—Carlyle.

MAKING IT A POLITICAL AFFAIR.
An effort is becoming apparent to
make the reported unsanitary condi-
tion of some of the public schools a
political matter. If the board of
education were composed of democ-
rats, instead of principally republic-
ans, very little, if anything, would
have been said.

In the first place, conditions have
been grossly exaggerated. The con-
ditions found to exist were only tem-
porary, and resulted from a defect
in plumbing, which unfortunately
was not reported by a janitor who
was new to the job and didn't know
that anything was the matter.

This plumbing in the schools is
said to be something like the heat-
ing—very bad. The democratic
school boards of past years spent
thousands of dollars on plumbing and
heating plants, and it is said in nearly
every instance they got an abomin-
able job. They are responsible for
much of whatever unsanitary condi-
tions exist or may exist, because
there is no money to take out the
bad plumbing and heating plants
and put in new. Judging from the
complaints in past years the tax-
payers must have had to pay dearly
for this plumbing and heating, as
both have been constant sources of
complaint, and when cold weather
arrives, there is a probability that the
first thing we shall hear of will be
the occasional closing of a school be-
cause of the bad heating facilities.

We like to see public officers get
a square deal, although if some of
them did we fear they would have to
seek greener fields and pastures new.
The schools cannot get as much un-
der the second class charter as they
did under the former charter. They
were formerly allowed as much as
fifty cents on the \$100, but under
the second class charter they cannot
draw over thirty-five cents on the
hundred dollars, fifteen cents on the
hundred dollars less than they were
getting before the transfer to the
second class. The reason this has
handicapped the schools is that the
transfer to the second class did not
increase the property values, and the
assessment not having increased, and
the board being limited to 35 cents
on the \$100, it cannot get enough to
run the schools, whose expenses in-
crease yearly.

The democratic boards in recent
years drew 50 cents on the \$100 for
the schools most of the time, and
squandered it in a costly building
about half of which is not used, and
in plumbing and heating jobs which
were responsible for subsequent con-
ditions which cause these same democ-
rats such virtuous spasms of indig-
nation.

As far as blaming the superintend-
ent of the schools for any bad sani-
tation, it is idiotic as well as unjust.

The superintendent is no sanitary
inspector, and it is not his duty to
make sanitary inspections. He is
ready and willing to do all in his
power to obtain the best possible
conditions, and to report, and rectify
as far as possible, anything that
goes wrong when he knows it. If
nothing is reported to him, however,
as was the case in this instance, he
can take no steps to rectify it, as he
cannot know what is going on by
intuition. So far as we have been
able to learn, he has never posed as
an authority on "plumbing, sani-
tation and such things, and as inspec-
tions of such things are not in line
with his duty, we believe he should
be spared unjust criticism. In every
annual report he has made to the
board of education, he has called
attention in a general way to the
almost criminal lack of modern sani-
tation at the school buildings. The
principal reason his warnings have
not been heeded, is that good sani-
tation cannot be obtained with what
former school boards have left at the
various school buildings as a leg-
acy of their indifference and incom-
petency, and the present school
board has not, and cannot get, enough
money to make the necessary chang-
es.

One class of officers of the law
have a great graft which they prac-
tice on the state on all occasions. A
person charged with some grave
crime escapes, and they quietly go to
work to locate him. When they have
succeeded they have a request made
of the governor to offer a reward for
the fugitive's apprehension. When
the reward is offered they immediately
go get their man, and for it gouge
the state for from \$50 to \$200, and
sometimes more, for merely doing
their duty. A man was arrested here
recently who had been wanted
in Mayfield for almost a year for
killing his brother and another man.
A peculiar feature of the case is that
only a few days ago Gov. Beckham
was asked to offer a reward for him,
and did so, the amount being \$200.
As soon as the reward was offered,
Mayfield officers came here and ar-
rested him. If they didn't know it be-
fore the governor was asked to offer
the reward, it was certainly a
very remarkable coincidence. Such
tactics as waiting to do one's duty
until a reward is offered is little
short of robbing the taxpayers of the
state, including those who put a man
in office. In this county we have no
such business. Our officers all do
their duty the best they can at all
times, and although they frequently
locate criminals in various ways and
places, they never scheme around
and have a reward offered before
they will make the arrest.

Some men up in New York who
ran on the democratic ticket and was
defeated, has managed to get his
name in the papers by writing an
open letter to President McCall, of
the New York Life, asking how much
he, the whilom candidate, contrib-
uted in the shape of premiums to his
own defeat. He seems to be like
a great many other men. They think
if they take out in insurance policy
and pay the company for the in-
surance they get, they are entitled
to run the company. Every person
who has a policy in an insurance
company usually gets all that is due
him, and often gets more. The in-
surance companies, like the railroads,
are easy marks when they are haled
into the courts. A person usually
gets all he asks of them, whether he
is entitled to it or not.

The grand jury in St. Louis is in-
vestigating tax dodgers. It is a good
idea, and should be tried everywhere.
The tax dodger deserves no sym-
pathy, but often the assessor is more
to blame than he. One of the great-
est menaces to our present govern-
ment is the class of men often elect-
ed to assess property for taxation.
The job is always worthy of good
material.

Even if a republican school board
were responsible for an unsanitary
condition of the schools, affecting
3,000 children, a democratic general
council is responsible for a filthy
city, affecting 25,000 people.

There are 8,840,780 negroes in the
United States, but only 2,677 of Af-
rican birth.

DAY'S DEATHS

MR. J. NELSON FRANKLIN DIES
IN MECHANICSBURG.

Mr. Young Brindley, a Popular Bar-
tender, a Victim of Con-
sumption.

Mr. J. Nelson Franklin, age 49
years, died Saturday night of con-
gestion of the bowels at his home,
2261 Meyers street.

The deceased was born in Hopkins
county, Ky., and came here ten years
ago from Dawson Springs and es-
tablished himself in the grocery busi-
ness. He was a well known and
popular resident of Mechanicsburg,
and news of his death will be receiv-
ed with much sorrow and regret.

The deceased leaves four sons.
The funeral will be conducted Thurs-
day morning, interment at New
Hope cemetery in the county.

Mr. Young Brindley, aged 23, a
well known bartender, died last night
from consumption at his home on
Farley street. He had been confined
to his bed but six weeks, and was a
young man well known and well
liked. He was a native of Lyon
county, but had resided in Paducah
several years, making his home at
the time of his death with an aunt,
Mrs. Warfield.

He had been employed at various
saloons at different times, last being
at Bud Parkins. He was unmarried,
and leaves two brothers, James
Brindley, of Eddyville, Ky., and Dick
Brindley, of Clarksville, Tenn., and
a sister, Miss Cora Brindley, of Ed-
dyville. The remains will be taken to
Eddyville tomorrow for burial.

The three year old son of Charles
Butler died yesterday at Symsonia,
Graves county, from croup, burial at
the family graveyard today.

The one-month-old infant of
Grant Knight, of 610 South 12th
street died this morning of summer
complaint and will be buried this
afternoon at Mt. Kenton cemetery.

Theatrical Notes

Mr. James Young, husband of Miss
Lillian Lancaster (formerly Miss Flo-
ra May Clark), of Paducah, will be
here next month with Louis James,
and his friends are looking forward
to his appearance with pleasurable
anticipation. Miss Lancaster is this
week playing in Philadelphia.

THREE PASSENGERS INJURED.

And an Express Messenger Killed in
a Wreck on the Chesapeake
and Ohio Railway.

Charleston, W. Va., Sept. 25.—Local
passenger train No. 25 on the
Chesapeake and Ohio jumped the
track on a curve near Carlin, eight
miles east of here yesterday. Express
messenger O. A. Hopkins of Charle-
ston, was instantly killed. Three pas-
sengers were badly injured. They are:

Noah Smith, of Richmond, Va.,
right shoulder and left knee badly
injured.

Wat Seales, of Madison, Va., left
hip and head hurt. Badly injured.

Wm. Smotherman, of Salisbury,
N. C., left side broken and badly
smashed; back wrenched, badly in-
jured.

Engineer Henry Fox, Fireman G.
H. Conser, and Baggageman Wal-
ter Thaxton were slightly injured.

One Killed and Several Hurt.

Paris, Ill., Sept. 25.—An extra
work train on the Cairo division of
the Big Four railroad ran into the
rear end of an extra freight train at
Swango hill, five miles south of here
yesterday afternoon. Four men were
injured, one fatally. The engine of
the work train and the caboose and
ten cars of the freight train were de-
molished.

Hull Fight Riot.

Nimes, France, Sept. 25.—Twelve
thousand spectators at a bull fight
here yesterday broke up chairs and
other seats and boxes and set fire
to barriers surrounding the arena
because the matadors refused to kill
another bull as an encore, after hav-
ing dispatched five.

Prominent Frenchman Dead.

Paris, Sept. 25.—Godfrey Cavaig-
nac, minister of war at the time of
the beginning of the agitation over
the Dryfus case, is dead.

IN THE COURTS

Police Court.

Saturday night C. E. Rushing, a
conductor on the South Sixth line of
the Paducah City Railway company,
was assaulted aboard his car, three
passengers refusing to pay their
fare.

An investigation by the police re-
sulted in the arrest of Edward Hul-
ger, Edgar Yarbrow and Claude Eng-
lish. The case was tried by Judge
D. L. Sanders in police court this
morning and the former and latter
fined \$10 and costs and the Yarbrow
boy dismissed.

Claude English and Horace Eng-
lish, who had a difficulty with St.
Green, were arraigned for a breach
of the peace, and the former fined
\$5 and costs and the latter contin-
ued.

Allen Knuckles, colored, was
caught stealing a dollar from E. C.
Perry's cash drawer in his saloon at
Seventh and Jackson streets, and
held over for petty larceny.

Other cases were: Will Blanks,
colored, drunkenness, \$1 and costs;
Walter Rowark, white, breach of the
peace, dismissed; W. H. Futrell and
Mattie Smallman, white, immoral-
ity, continued; Joseph Hester, col-
ored, petty larceny, continued; George
Diggs, colored, beating his wife, \$30
and costs and recognized in the sum
of \$200 for his good behavior; E.
Conklin, white, obtaining money by
false pretenses, continued. He is al-
leged to have sold a stolen over-
coat, the property of Ed Loftin; Fin
Hamilton and Dollie Harvey, white,
breach of the peace, dismissed; Lacy
Edwards and Frank Yeltema, white,
breach of the peace, continued.

In Barber's Court.

Constable A. C. Shelton arrested
Charles Hurley, white, near Oaks Sta-
tion late Saturday afternoon on a
breach of the peace warrant sworn
out by J. W. Spitzer. He gave bond
and will be tried tomorrow morning
before Justice R. J. Barber.

Stock and Fixtures Sold.

The stock and fixtures in the No.
2 store of James Vlaholas, the
Greek, at 404 Broadway, were sold
on two distress warrants this morn-
ing by Constable A. C. Shelton, and
the goods will be delivered and col-
lected for this afternoon.

Vlaholas had the stock and fix-
tures of this store between Second
and Third street on Broadway but
had to leave the building and seek
other quarters. He rented the build-
ing at 404 owned by Max B. Nahn,
Cecil Reed, acting as agent, and it
is alleged failed to pay the rent two
months in succession, the rent
amounting to \$75 a month.

The warrants were taken out in
Justice Young's court and it was dis-
covered that another mortgage oth-
er than that held by Nahn, had been
given, to a man named Clark, and
the sale will be referred to circuit
court, it exceeding \$200.

The stock and fixtures brought
something in the neighborhood of
\$500 which will more than cover
the debt for rent.

Fined \$50 and Costs.

Lawrence Boaz, better known as
"Brother" Boaz, was brought here
Saturday afternoon late by Marshal
McNitt, of Mayfield, and landed in
jail to serve a fine of \$50 and costs
against him in Justice Barber's
court. Boaz and Kill Williams, of
Mayfield, were charged with drawing
a pistol on Wm. Stevenson and Ed
Smith, of Paducah, last May. The
Paducah men were engineer and
fireman on an I. C. train, which the
negroes took possession of for a
time. Williams has not been
caught.

Property of Deceased Liable.

County Judge Lightfoot holds in
a decision just rendered that an heir
who has been willed the property of
his father, is liable for a debt that
his father contracted before his
death.

The case was a suit of Dullols.

Thirty Dollars a Year.

The loose change you may
have during the year, most of
which, because it is so small,
will be wasted, would amount
to a considerable sum. Sup-
pose you saved ten cents a
day. There is hardly anybody
who cannot save that much.
Not counting Sundays, it
would amount to sixty cents
a week, two dollars and fifty
cents a month, and together
with a per cent. interest, con-
siderably over thirty dollars
a year.

You can save the small
sums easily with a Home
Savings Bank. The accumu-
lated amount, as you see, is a
large sum, even when saving
only ten cents a day. Start

Property to Be Sold Again.

Today Attorney A. V. Martin filed
with Referee in Bankruptcy E. W.
Hagby a petition asking for a resale
of the property of the Paducah Wag-
gon Works Co., at Washington and
Second street.

The sale of the property, the result
of bankruptcy, was made several
weeks ago. Mr. Roy McKinney buy-
ing the property for \$6,000 for E.
G. Parfitt. The requirement of the
sale was not complied with, the pur-
chaser failing to pay over the pur-
chase money, and the petition follow-
ed.

The sale will, of course, have to
be readvertised and it will be ten
days or more after the filing of the
petition before the sale will be held.
The property was appraised at \$9,-
000 and is a valuable piece of prop-
erty for manufacturing location.

Suit Over Strip of Ground.

The Paducah Coopers Co. this
afternoon filed a suit in circuit court
against the Paducah Lumber & Ve-
ner Co. for the possession of a 30-
pole strip of land at the end of Mey-
ers street, running into Tennessee
river, and for \$500 damages for
possession of the land for some time.

The plaintiff alleges that the prop-
erty, which is a triangular piece of
property, has been held for some time
by the defendant against the wishes
of the owner, and that repeated de-
mands have failed to dispossess the
defendant. The plaintiff thinks it has
been damaged by reason of being de-
nied the use of the property, in the
above sum and prays damages to
that amount, and also possession of
the strip of ground.

Discharges in Bankruptcy.

The following discharges in bank-
ruptcy were received today by Feder-
at Clerk J. R. Puryear: John J.
Hiech, city; Joseph B. Bowden, Dub-
lin; Henry T. Bowden, Dublin; Thos.
F. Gibson, Mayfield; Lemon R. With-
erspoon, Fulton; Joseph T. Turner,
Fulton; John F. Watson, Lola.

WITH ARMY REVOLVER.

Assistant Surgeon at Fort McPherson
Blows His Brains Out.

Atlanta, Ga., Sept. 25.—Capt. G.
M. C. Godfrey, assistant surgeon in
the United States army stationed at
Fort McPherson, committed suicide
late Saturday night by shooting him-
self through the brain with an army
revolver at his residence at the post.
Capt. Godfrey was a son of Col. E.
S. Godfrey, commander of the Ninth
United States Cavalry, stationed at
Fort Riley, Kans. He was 35 years
old and a graduate of West Point.

He came to Fort McPherson from
Washington three months ago. He
is survived by his wife and a small
son. The cause of the deed is not
known, but is attributed by his brother-
officers at the post to temporary
mental aberration.

Printers Make Gains.

Indianapolis, Ind., Sept. 25.—A
bulletin issued from the office of the
International Typographical union to-
night shows 224 subordinate unions
now work on eight hour basis, or ar-
ranged to do so not later than Janu-
ary 1, 1906. Since September 8 such
agreements have been signed in sixty-
six cities.

Released From Russian Prison.

Chicago, Sept. 25.—Professor
Paul Milyoukov, until a few months
ago a member of the faculty of the
University of Chicago, has been re-
leased from a Russian prison, in
which he was confined for alleged sed-
ition. According to dispatches from
St. Petersburg, no reason for his re-
lease was given.

ONE ROOM CLOSED.

Scarlet Fever Causes Some Alarm—Only a Few Cases Known Of.

There have been many reports in circulation today in regard to scarlet fever appearing among the children, but the reports seem to have been exaggerated.

Only one school room in the public schools has been closed, and that for the purpose of fumigation. Friday Cora Roberts, of West Broadway, became ill in Miss Cathy Thomas' Second and Third grade room at the high school building on West Broadway, and it developed today that she has scarlet fever. The pupils in that room were dismissed until next Monday in order to thoroughly fumigate the room.

A case of scarlet fever is reported in Mechanicsburg, but the patient is about well and ready to return to school. No fear of the malady in epidemic form is entertained by the school authorities.

THE LAST WEEK

In Which Stock May Be Subscribed In New Enterprise—\$6,400 Thus Far.

The total subscriptions to stock to be held by local capitalists in the Metal Vehicle Wheel works has been increased to \$6,400, and the local workers think they will be able to secure the necessary \$10,000 subscription by the first of October, this being the last week in which they can work.

If the committee fails to secure the necessary \$10,000 worth of local stock, then the wheel works proposition falls and Paducah will not get another chance at it. The members of the Commercial club are working hard to raise the subscription and today the committee soliciting is composed of Secretary Coons, and Messrs. W. P. Hummel, H. C. Rhodes, Harry Meyer, B. Weille.

No Time Set.

It was announced this afternoon by members of the board of aldermen that no time had been set for a resumption of the trial of charges against City Jailer Thomas Evitts, but that as soon as a conference can be held with Mayor Velsor, some date will probably be decided on.

There is something wrong with a man if his religion makes a pessimist of him.

The X-Ray Treatment Said to Be a Success.

Washington, D. C., Sept. 25.—Reports to the marine hospital service from the Philippines announce successful experiments in the treatment of Leprosy by x-ray. In three cases the treatment of two progressed so rapidly that it no longer was possible to detect the leprosy bacilli in scrapings from the skin. The third patient died, but the autopsy disclosed the cause as atrophy of the liver and failed to reveal any leprosy bacilli in the body.

CHANGE IN SERVICE
AT THE EPISCOPAL

Evening Service Abandoned for an Afternoon Service.

Ministerial Association Held a Brief Meeting This Morning—Great Interest Manifested.

NEWS OF OTHER CHURCHES.

A change in the time for holding services at Grace Episcopal church was decided on yesterday, and has been announced. Sunday school will hereafter be at 9:30 a. m. instead of 9.

The forenoon service will be at 10:45 instead of 10:30, as now.

The evening service will be discontinued, and there will be services at 4:30 p. m. instead, which will be an innovation in Paducah, and will be following a plan adopted with success by many of the city churches.

Y. M. C. A. Annual Report.

The Y. M. C. A. report for the year was read in all the churches yesterday, and is a most creditable showing. Since the opening of the building last January, the following shows what has been done:

General Summary.
Receipts: Subscriptions from all sources, \$3,158.33; entertainments, from all sources, \$450.14; sub-rentals, \$651.80; B. H. Scott \$193.82; miscellaneous, \$428.28; total receipts, \$4,882.33.

Disbursements: Indebtedness (old accounts) \$2474.05; furniture, \$202.64; salary \$800; janitor's salary, \$264.60; rent, \$600; miscellaneous, \$490.35; total disbursements, \$4,831.64. Balance on hand, \$50.54. Of the indebtedness still outstanding provision has been made for \$650.

Pastor Declines.

Louisville, Ky., Sept. 25.—The Rev. Dr. L. E. C. Lawson, of Henderson, Ky., to whom was extended a call by the congregation of the Third Presbyterian church in New Albany to the pastorate of that church, has declined to accept the charge. This information was received by the Rev. Dr. Charles P. Foreman, pastor of the First Presbyterian church in New Albany, who had been appointed by the New Albany Presbytery to prosecute the call before the Paducah Presbytery which convenes at Marion Ky., Tuesday.

Had Three Additions.

There were good congregations at the East Baptist church, Mechanicsburg, by Rev. Richie yesterday. There was one addition to the church at the forenoon service and two at night.

Presbytery Meets Tomorrow.
The Paducah Presbytery meets tomorrow at Marion, Ky., but it is likely there will be no delegates from Paducah.

Ministerial Meeting.
The ministerial Association met this morning at the Y. M. C. A. building and all the ministers reported fine congregations yesterday morning and night.

West Union Association.
The West Union Association of the Baptist church will hold a meeting at Blandville on Oct. 12th, 13th and 14th. Rev. Cheek and a number of the members of his church intend attending the meeting.

Christian Church Convention.
The annual convention of the Christian churches, south of Kentucky, will be held at Maysville, beginning today, September 25, and closing September 28. The attendance from letters received from various churches throughout the state promises to be the largest in the history of these conventions, about 500 delegates alone being expected. This does not affect Paducah, which is in the northern division.

There were two large congregations at the Broadway church yesterday. There were two accessions to the church.

Rev. W. C. Clarke, of Louisville, is in the city, the guest of Rev. W. E. Cave.

CAR RUNS AMUCK.

Several Hurt in an Accident at Chicago Today.

Chicago, Sept. 25.—Many persons were hurt today when a Lake street trolley car at full speed jumped the track at 40th avenue and tore along the street for a hundred feet and crashed into the elevated railway up-right, demolishing the car and throwing twelve passengers and the car crew to the ground.

Five passengers, the motorman and conductor, were taken to the hospital and two passengers are said to be fatally hurt.

LEOPOLD, OF BELGIUM, EATS POTATOES WHICH JOCKEY TOD SLOAN REFUSED

Paris, Sept. 25.—The following story has just been told by King Leopold of the Belgians, the most Democratic monarch of Europe, to a friend:

"I was dining," said his majesty, "in a Paris restaurant, and noticed at a table next to me Tod Sloan, the American jockey, whom I had often seen on Longchamps race course. While waiting for my dinner, I saw him taste some fried potatoes that had been brought him, and tell the waiter angrily to take them away. 'I was a little annoyed,' added

the king, 'as I had also ordered fried potatoes, and when they came I had no difficulty in discovering that they were the same which the jockey had just refused.'

"And," asked his friend "you immediately summoned the waiter and had the waiter discharged." "No," said the king, "it was true they had been cooked with rancid butter and were very nasty, but I ate them, as I thought it would injure the business of the place if I sent them away again. Which shows," he added, "that a jockey can afford to be more particular than a king."

HOLY SYNOD OPPOSES BIRTH OF FUTURE PRINCE OR PRINCESS AT DARMSTADT

Berlin, Sept. 25.—Relieved of the anxiety of the war, the czar and czarina, who are both broken down in health, have decided to spend the next few months in the old home of the czar in Darmstadt. It is even thought likely that the empress will remain there until after the birth of her child, although this idea is strongly opposed by the Holy Synod, who declare that it would increase the popular feeling against the empress should she give birth to a Russian prince or princess while outside of

the country. In Darmstadt great preparations are being made, not only for the reception of the czar, but also for that of the kaiser, who has announced his intention of visiting the city immediately after the arrival of the czar, with whom he wishes to confer on political subjects of the highest importance, foremost of which occupied the kaiser's mind considerably since the outbreak of the anti-foreign riots in Tokio and the prospects of Great Britain giving up Wei-Hai-Wei.

SAVES TIME.

By Letting Them Know Who Is "The Man."

Since the health officers who issue health certificates moved from the board of public works office to the council chamber, License Inspector Ed Rivers and City Clerk Henry Bailey have been bothered a great deal by applicants for health certificates who come into their office mistaking them for the health officers.

So troublesome did it become that License Inspector Rivers, in desperation, marked off a big sign which he placed in the office window where its prominence will not fail to attract attention. It reads:

I Am Not the Man
HEALTH OFFICER
Next Door.

Since the sign was tacked up there has been a perceptible decrease in the number of applicants to the city clerk and license inspector.

INVENTS WRENCH.

J. M. Cochran the Latest I. C. Man to Turn-Inventor.

Since the invention craze struck local mechanics, many patents have been secured, the latest being a pipe wrench invented by Mr. J. M. Cochran, a machinist employed in the local I. C. shops. His wrench is an improvement over what is recognized as the best pipe wrench made. It has a solid frame in the place of a skeleton frame, and has superior lasting qualities. He will place the wrench on the market at once.

THE CHARITY WORK TO BE STARTED SOON

People Have No Idea of the Deprivation and Suffering.

When Cold Weather Comes There Will Be Plenty of Work to Do—Last Year's Plan.

IT WILL BE TRIED AGAIN.

The pauper question, one which has heretofore been a source of great worry and trouble to the county and city authorities alike, has come to the front again, now that winter is approaching, and the charity club is preparing to establish even a better system than was maintained so successfully last winter when hundreds of dollars were expended in caring for the poor. The club is just starting out on its winter's work and should be aided in every way possible by all who can spare even the smallest sum to the good cause.

"No one knows the destitute condition of the paupers in the city better than the average physician," City Physician Bass declared to a reporter. "and I am in a position to see more of it than the average doctor, because of my duties, which bring me within immediate touch with the lowest of the human race."

A Sun reporter, acting on his suggestion, made several trips with the city physician, and the conditions found to exist in some portions of the city were deplorable indeed.

The doctor was called out to several negro cabins on the south side. One house of two rooms presented the appearance of a junk shop. Several wash tubs, well worn with use, were stacked on the rickety front porch which was on the point of collapse. Several dirty benches were strewn about the yard, and chairs on the bottoms, were on the front porch along with rags of every kind from braided sacks to pieces of crazy quilt. In the bundle of rags reposed a negro baby a few months of age. The mother was inside ill, and had sent her baby out on the porch to be cared for by several ragged boys not over 5 years old. They had placed the child in the fifth and gone out to play. Sitting by the patient was an aged negro. She held a dirty glass of water and from time to time would apply it to the woman's forehead to cool her burning fever.

The woman was lying on the floor with a few rags to offer comfort to the hardness of the boards, the room affording no bed. She had been ill for several days and not having money enough to employ a physician and being ignorant of the fact that she could secure the city physician, free of charge, she was suffering a raging fever for several days.

In another negro shack, which was nothing more than a rough shed lay an aged negro man who had been picked up on the streets, suffering from a chill and carried into the room which he had been occupying. The pallet on which he lay was made up of a few greasy braided sacks and dirty quilts, and the only thing in the way of furniture was a long box divided into sections which served as a cupboard.

In one portion was half a loaf of dirty bread and in the other a greasy bottle of red liquor with a piece of paper stuffed in a cork. On the floor were a few pieces of meat. The negro was too ill to tell his name and he died several days later, the result of neglect.

In another portion of the city several white pauper patients were visited. Ragged urchins who had been left enough rags to cover their nakedness, played about in filth and slime. In what was called a gutter—but really was nothing more than a hog-wallow or stagnant pond. The rooms were bare of carpets and often the patients lay on quilts, being too poor to buy a bed. Often the city physician is called to one resident one day to find a patient suffering from neg-

lect and maybe the next day when he calls the patient has moved, being forced out by some unmerciful landlord because no rent had been paid.

This is in the summer time, but in the winter is when the real suffering is seen. Paupers with no fuel to burn, some not even having a stove to burn it in, are found huddled together in hovels about the outskirts of the city keeping warm from the circulation of the blood in their bodies. Some go without food because of the bitter weather and the lack of clothing to protect them, if they go out. Some tear boards from their houses in desperation to make wood to burn, while others in desperation steal.

The Charity club took the matter of dispensing food and clothing in hand and has separated the really deserving from the fakes, and did a world of good. So successful have the members worked their plans out that the city and county both turned over all pauper funds to the charity club and will be glad to do so again this and following winters.

The secretary has to remain at the court house and receive applications. An investigator is employed to go out in person and see if the applicant is deserving, and if so the order for fuel and clothing is cheerfully given.

Donations of money, coal, wood and in fact anything given, will be cheerfully received by the club and judiciously distributed to the paupers.

The Sallito was due out of the Tennessee river today for St. Louis. The Lotus is here with the "Twentieth Century," a showboat and will go to Brookport for tonight.

The Royal was the Golconda packet today.

It is reported at Louisville that the government, to curtail expenses, is going to abandon its marine hospital at Louisville, but the hospital authorities there have heard nothing about it. The government now has hospitals in Cairo, Evansville, Cincinnati and Louisville.

KENTUCKY NEWSLETS

To Raise Rates on Whiskey.

Louisville, Ky., Sept. 25.—The Kentucky and Tennessee Board of Underwriters is revising its insurance rates on whiskey in bonded warehouses, and an increase of 33 1-3 per cent. in the rates on whiskey stored in brick warehouses, where quick aging processes are in use, will be announced in a few days. At present the flat rate is 37 1-2 cents, which will be raised to 50 cents.

The reason given for the raise is that the process by which the whiskey is aged involves the use of artificial heat or gases, increasing the hazard of fire.

Owensboro to Have New Depot.

Owensboro, Ky., Sept. 25.—The plans for the new union station have been given out and the contract has been awarded to Walter Brashear, of Henderson. The building will be a modern structure of white brick trimmed with stone and having a red tile roof. It will cost \$35,000 to \$40,000, and will be of a design similar to the union station at Henderson. It will occupy the present site of the L. H. and St. L. station and will be built by the L. and N. and L. H. and St. L. companies. It will also be used by the Illinois Central. The structure will be strictly modern in design and will be arranged with every convenience known to modern architecture.

The excavating will be done within the next few days and the building will be completed by February 1.

Date Fixed.

Louisville, Ky., Sept. 25.—Today September 25, has been fixed for the payment of the 32 2-3 per cent assessment on the stockholders of the Western National bank which was recently closed by order of the comptroller of the currency. The assessment amounts to \$250,000, and furnishes the necessary amount to

cover indebtedness to depositors and other creditors and to provide the necessary surplus for resuming business. The bank will reopen October 3rd.

Tobacco Barns Burned.

Hopkinsville, Ky., Sept. 25.—Two tobacco barns were destroyed by fire in this county, causing quite a heavy loss, with small insurance. The barn on the place of Enos Lester, containing a quantity of tobacco, was completely destroyed, while the barn of David E. Bonloe, near Crofton, met a similar fate.

Call Accepted.

Guthrie, Ky., Sept. 25.—Rev. C. E. Hutchenson, formerly of Central City, Ky., has accepted a call to the Guthrie Baptist church and will preach his first sermon here the first Sunday in October.

A 12-Year-Old Bride.

Carrollton, Ky., Sept. 25.—Wearing a dress that barely reached her shoulders, Margaret Darboe, the 12-year-old wife of Riley Darboe, appeared in the circuit court and asked that she be given a legal separation from her husband and that her maiden name of Butts be restored. The petition was granted.

Margaret Butts-Darboe some years ago was taken from the Kentucky orphan's home at Louisville and adopted by Mrs. J. W. Butts of this city. The young girl took the name of Butts, and being far more mature than the usual run of girls at her age, became when she was not eleven years old, one of the belles of the county. Six months ago she was wooed and won by Riley Darboe, their marriage being one of the sensations of the day. It quickly dawned upon the youthful Mrs. Darboe that wedded bliss was not at all to her liking, and after a few days she returned to the home of her adopted parents.

Refused a Receiver.

Louisville, Ky., Sept. 25.—Judge Miller refused to appoint a receiver for H. N. Martin & Co., tobacco dealers. The appointment was sought by W. S. Loggins, former vice president of the concern, who set up a claim for \$1,776, alleging that the firm was insolvent. Judge Miller held that neither had fault nor criminal waste of assets had been shown.

Suit Over Henderson Telephone.

Henderson, Ky., Sept. 25.—The dispute among the directors of the Henderson Telephone and Telegraph company has resulted in a suit asking the appointment of a receiver on certain conditions. Two sets of directors were elected some two months or more ago, and since that time there has been considerable friction. The minority stockholders, Aaron Waller, J. G. Taylor, W. M. Wright, R. G. Witt and others, are the plaintiffs. They sue the majority stockholders, W. G. Turbin, H. K. Cole, E. L. Barber, David Banks, O. W. Rank, R. T. Hickman and others who have possession of the plant, books and papers of the company. They allege conspiracy and the detention of officers, directors and stockholders from the directors' and stockholders' meetings.

Raffles, The Amateur Cracksman

By E. W. HORNUNG

A COSTUME PIECE

No. 2 of the Series

(Continued from yesterday.)

"Exactly. Well, it seems that Rosenthal was one. He must have let it out to Purvis in his cups. Anyhow, I heard Purvis talking him with it and threatening him with the breakwater at Cape Town, and I begin to think our friends are in a bit of a fix. But about tomorrow night. There's nothing subtle in my plan. It's simply to get in while these fellows are out on the loose and to let him till they come back, and longer. If possible we must do the whole thing. That would simplify the whole thing, though it's not a very sporting game to play. Still, we must remember Rosenthal's revolver. We don't want him to sign his name on us. With all those Raffles about, however, it's ten to one on the whisky and a hundred to one against us if we go looking for it. A brush with the heathen would spoil everything. If it did no more. Besides, there are the ladies."

"The deuce there are?"

"Ladies with an I, and the very voices for raising Cain. I fear, I fear the clamor! It would be fatal to us. Au contraire, if we can manage to stow ourselves away unbeknownst half the battle will be won. If Rosenthal turns in drunk it's a superb diamond apiece. If he sits up sober it may be a bullet instead. We will hope out Rosenthal, and all the things wouldn't be on one side; but it's on the knees of the gods."

And so we left it when we shook hands in the hallway—not by any means as much later as I could have wished. Rosenthal would not ask me to his room that night. He said he made it a rule to have a long night before playing cricket and other games. His last word to me was framed on the same principle.

"Mind, only one drink tonight. Ban my two at the outside—no you value your life—and I believe."

I remember my subject obedience and the endless, sleepless night it gave rise and the roofs of the houses opposite standing out at last against the bluish London dawn. I wondered whether I should ever see another and was very hard on myself for that little expedition which I had made on my own wild night.

It was between 8 and 9 o'clock in the evening when we took up our position in the garden adjoining that of Rosenthal. The house itself was shut up, thanks to the outrageous libertine next door, who, by driving away the neighbors, had gone far toward delivering himself into our hands. Practically secure from surprise on that side, we could watch our house under cover of a wall just high enough to see over, while a fair margin of shrubs in either garden afforded us additional protection. Thus intrenched we had stood an hour, watching a pair of lighted bow windows with vague shadows titling continually across the blinds and listening to the drawing of corks, the clink of glasses and a gradual crescendo of coarse voices within. Our luck seemed to have deserted us. The owner of the purple diamonds was dining at home and dining at undue length. I thought it was a dinner party. Raffles differed. In the end we proved right. Wheels grated in the drive, a carriage and pair stood at the steps, there was a stampede from the dining room, and the loud voices died away, to burst forth presently from the porch.

Let me make our position perfectly clear. We were over the wall, at the side of the house, but a few feet from the dining room windows. On our right one angle of the building cut the back lawn in two diagonally; on our left another angle just permitted us to see the jutting steps and the waiting carriage. We saw Rosenthal come out—saw the glimmer of his diamonds before anything. Then came the pugilist, then a lady with a head of hair like a bath sponge, then another, and the party was complete.

Raffles ducked and pulled me down in great excitement.

"The ladies are going with them," he whispered. "This is great!"

"That's better still."

"The garden!" the millionaire had bawled.

"And that's best of all," said Raffles, standing upright as hoofs and wheels crunched through the gates and rattled off in a fine speed.

"Now what?" I whispered, trembling with excitement.

"They'll be clearing away. Yes, here come their shadows. The drawing room windows open on the lawn. Bruin, it's the psychological moment. Where's that mask?"

mask for me and then his own.

"My love, old boy," he whispered cheerily, "you look about the greatest ruffian I ever saw! Those masks alone will down a nigger if we meet one. But I'm glad I remembered to tell you not to shave. You'll pass for White-campel if the worst comes to the worst and you don't forget to talk the lingo. Better suit like a mule if you're not sure of it and leave the dialogue to me; but, please our stars, there will be no need. Now, are you ready?"

"Quite."

"Get your gag?"

"Yes."

"Faster?"

"Yes."

"Then follow me."

In an instant we were over the wall. In another on the lawn behind the house. There was no moon. The very stars in their courses had veiled themselves for our benefit. I crept at my leader's heels to some French windows opening upon a shallow veranda. He pushed. They yielded.

"Luck again," he whispered; "nothing but luck! Now for a light."

And the light came!

A good score of electric burners glowed red for the fraction of a second, then, rain of merciless white beams into our blinded eyes. When we found our sight, four revolvers covered us, and between two of them the colossal frame of Reuben Rosenthal shook with a wheezy laughter from head to foot.

"Good evening, boys," he blurted out. "Glad to see ye at last. Shift foot or finger, you on the left, though, and you're a dead boy. I mean you, you greaser!" he roared out at Raffles. "I know you. I've been waiting for you. I've been waiting for you all this week. Plucky smart you thought yourself, didn't you? One day beggin', next time shauntin' tight and next one of them old pals from Kimberley what never comes when I'm in. But you left the same tracks every day, you bugger, and the same tracks every night all round the blessed premises."

"All right, guv'nor," drawled Raffles; "don't excite. It's a fair cop. We don't want to know how you bring it off. Only don't you go for to shoot, 'cos we 'int wanted, shelp me, God!"

"Ah, you're a knowin' one," said Rosenthal, fingering his triggers, "but you've struck a knowin' one."

"Ho, yuss, we know all about that! Set a thief to catch a thief—ho, yuss." My eyes had torn themselves from the round black muzzles, from the accursed diamonds that had been our snare, the pasty pig face of the overfed pugilist and the flaming cheeks and hook nose of Rosenthal himself. I was looking beyond them at the doorway filled with quivering silk and plush, black faces, white eyebrows, woolly pates, but a sudden silence recalled my attention to the millionaire. And only his nose remained the color.

"What d'ye mean?" he whispered, with a hoarse oath. "Spit it out, or."

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dizziness, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I had lost all my energy. I felt better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

by Christmas, I'll drill you!"

"Whore price that briewater?" drawled Raffles coolly.

"El!"

Rosenthal's revolvers were describing widening orbits.

"Whore price that briewater—old L. D. B!"

"Where—where did you get hold of that?" asked Rosenthal, with a rattle in his thick neck meant for mirth.

"You may well ask," says Raffles. "It's all over the place where I come from."

"Who can spread such rot?"

"I dunno," says Raffles; "but the gentleman on yer left. I 'raps 'e knows."

The gentleman on his left had turned livid with emotion. "Guilty conscience never declared itself in plainer terms. For a moment his small eyes bulged like the currants in the snout of his face; the next he had pocketed his pistols on a professional instinct and was upon us with his fists.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold; and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, by W. B. McPherson, druggist, at 50c a bottle.

NO FAIR.

Final and Definite Announcement That There Will Be None.

The matter of the Hopkins County Fair Association giving a fair in Paducah this fall has been finally and definitely abandoned, in fact the attractions of the various kinds which Paducah has had during the summer have frightened the fair association people off, they realizing that a fair would not pay.

The Hopkins county people gave a fair here last year and reserved the right to repeat this year. The first carnival followed by the baseball season and the encampment and then the present carnival with the opening of the theatrical season and the coming horse show furnished attractions enough and the fair project has been finally abandoned.

Verdict for Miss Whitaker.

Cynthiana, Ky., Sept. 25.—The case of Miss Elizabeth Whitaker against Senator Renner for the defamnation of character, was concluded by the jury returning a verdict of \$3,500 for Miss Whitaker. She sued for \$25,000. The Poynter portion of the Democratic party figure that this result will mean the loss, by the defeat of Renner, of one Blackburn vote.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains."

MORE COMFORT

FOR ILLINOIS CENTRAL WORKMEN THIS WINTER.

Heating Plants About the Shops to be Put in Good Shape at Once.

Great preparations are being made by the local I. C. for the coming winter season, and much will be done to add to the comfort of the mechanics and to facilitate the work in the shops.

Orders were received Saturday from headquarters authorizing the local officials to begin work on the tank repairing shop. This is an improvement which will mean a great deal to the men and to the road. At present tanks are repaired in the open, the boiler makers suffering from the heat in the summer and cold in the winter. The shed will be located between the wood working department and the transfer table and will offer shelter the season around. The material is here and work will positively start this week.

This morning the pipe fitting gang began putting in steam radiators in the wood working shops, the mill department, to replace the stoves which have been a source of much worry to the officials. This will preclude the danger of a conflagration from fire being left in the stoves, the stoves being taken out entirely.

The steam heating plant in the round house will also be overhauled, being defective in many ways. Work on this improvement will begin in a few days.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria."

THE "PROFESS"

Is in Paducah With a Vengeance Today—Several Companies.

Paducah is well supplied today with members of the dramatic profession. There were three big companies here at one time, the Parker Carnival company, the "Rajah of Bhong" company, and the "New Century" river theatrical troupe. There are in these three aggregations everything from grand opera prima donnas to knock-about clowns, acrobats and vaudeville stars. There must have been fully a hundred in all. The Parker Carnival company carries many people, as does "The Rajah," while the show boat, which is owned by Capt. Armstrong, has a good company.

The latter has been playing in this section on account of the inability to get down the Mississippi because of yellow fever. Capt. Armstrong has just returned from a trip up Tennessee river, and will make Paducah a sort of headquarters until yellow fever disappears in the south. The quarantines have played sad havoc with river shows this season.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place Chicago, says: "They have no equal for Constipation and Biliousness." 25c at W. B. McPherson's, druggist.

Please look at Mrs. Austin's new dress.

Neglected Colds.

Every part of the mucous membrane, the nose, throat, ears, head and lungs, etc., are subjected to disease and blight from neglected colds. Ballard's Horehound Syrup is a pleasant and most effective remedy.

W. Akendrick, Valley Mills, Tex., writes: "I have used Ballard's Horehound Syrup for coughs and throat troubles; it is a pleasant and most effective remedy."

Important Witness Dies.

Hopkinsville, Ky., Sept. 25.—Mrs. Sarah J. Warner died at the home of her son-in-law, R. L. Wright, near Haley's Mill, of consumption, aged 70 years. She was the chief witness of the state in the case of the Commonwealth against G. P. Griffin, charged with the murder of her husband, Henry Warner, and whose trial is set for this week.

Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at W. B. McPherson's drug store.

DASH FOR THE POLE

Will Be Made From the Klondike Next June.

Victoria, B. C., Sept. 25.—Enthusiasm is growing in Dawson, and the entire Klondike country over the projected Varile dash for the pole. It is Dawson's one great subject, from Gov. McInnes in the executive mansion down to the porter at the MacDonald hotel, they being copartners. Gov. W. W. H. McInnes, as honorary president; Dr. Alfred Thompson, M. P., president, and the vice presidents, who are the American, the French, the Scandinavian, the Italian and the German consuls, are working enthusiastically, while Dr. Varile, with the advice and active aid of all the most famous guides, is carefully laying out what may be termed the practical program for the expedition.

R. Anzias, Ennemie, consul for France at Dawson and second vice-president of the polar research association, will enlist the co-operation and support of the Alaska club, supplementing financial and practical aid already promised by the chief officers of the famous Arctic brotherhood. This winter the company, under Dr. Varile, will make an overland trail in the Yukon, choosing the wildest and most difficult districts to traverse that are known to the veterans of the proposed methods of travel and equipment, experimenting with mule-meat food for the dogs, various styles in team make-up and driving, so that they will not stagger blindly into the field when the great expedition itself is launched in June, 1906.

The confidence of the Dawsonites in their polar expedition is based altogether upon the associated facts that only the most approved methods of far Arctic travel will be employed and all the company will be veterans of the far North, insured to its climate and conditions, and capable of advancing where Southern men would be unable to move.

Abscences.

Abscences, with few exceptions, are indicative of constipation or debility.

W. H. Harrison, Cleveland, Miss., writes, Aug. 16, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Col.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

POSTMAN HURT.

Mr. Allard Williams Thrown While Boarding a Street Car.

Mr. Allard Williams, the postman, while attempting to board a street car at Sixth and Broad streets yesterday morning after making a collection of mail on his route, was thrown violently down and suffered painful injuries which will probably disable him for several days. He missed his footing in some way and his mail pouch and keys proved handicaps in his attempt to save himself from a fall. His injuries are not serious, but he is off duty today.
